ANTIOCH UNVEILS THIRTEENTH FAIR RECORD LIST

es Pour in as Officials
at Stage for Opening
Thursday, August 27

Lake County's outstanding rural exhibition—the Antioch Country Fair unveils its thirteenth annual edition this week from today (Thursday) with part-H Club Roundup at the Antioch high school grounds and

More than the big interest shown the fair's founding, is being evinced this year," reports Emmet Wadsworth, secretary of the association. "Entries continue to increase for all divisions and there is assurance that when the exhibition in place next Thursday morning will record the largest list of exhibitors in its thirteen years of existence."

Advance Fair Date
With the opening dates shoved ahead more than a month from previous Antioch exhibitions, all attendance records are expected to be broken. It is recalled that in former years with the fair opening the first week in October, unfavorable and cold weather conditions reduced the number of spectators. This year in addition to luring the regular fair customers, many vacationists are expected to see the show before quitting the Lakes Region in September.

In conjunction with the exhibits, officials have provided many entertainment features for the general public. Band concerts by the Zion 40-piece band together with the popular WLS radio entertainers are scheduled for personal appearances.

Stage Style Show
Prevailing modes in misses and women's wear for every occasion will be presented at a special style show by MariAnne's of Antioch while 4-H club girls will display their handiwork in a style show and dress revue in competition for premium awards.

Thursday will be entry day, the fair heads explain. Judging of exhibits will begin at 9 o'clock Friday morning.

TOURISTS NABBED ON HOLDUP CHARGE

Sheriff's Men Roundup Girl,
Three Men Stopping
in Antioch

Handcuffs were snapped on a girl and three men by deputies from Sheriff Larry Doolittle's office Thursday night following a report that Bernie's tavern on Main st., Antioch, was being held up.

The four taken in custody, Evelyn Ballard, James Ballard, Jr., James Ballard, Sr., and Edward Pruitt, all of whom said they were touring in their automobile, were in the tavern when the sheriff's highway deputies responded to an outside call that a holdup was in progress.

The four declared they were just tourists from Oregon when they were questioned by the sheriff on their activities in Lake county. They were held for investigation following their "arrest" in Antioch.

After parking their car, the four visited the tavern without the usual effects that attend stickups and while apparently enjoying themselves the police "took them into custody" at the point of firearms. None of the prisoners were armed.

Use Motorboat and Auto to Win Race With Stork

Harry A. Hall, leader of the Young Republicans of this district, and Mrs. Hall spent 40 minutes of excitement yesterday morning before Tom, their third son, was added to Dick and Harry.

Not expecting the baby for two weeks, the Halls were vacationing at their Lakes Region home on Crab Apple island in Fox Lake. At 4:10 a. m. Hall telephone Dr. Charles Lieber and told him to hurry to St. Therese hospital. Then he awakened his brother-in-law, Jack E. Bairstow, Democratic candidate for state attorney, and Mrs. Bairstow who occupied an adjoining cottage.

All in their "nighties," the Republican Halls and the Democratic Bairstows got into a motorboat, sped the mile and a half to shore, entered the Hall automobile and drove 20 miles to the hospital. The new son was born at 4:50 a. m.

Fair Entertainers

FLANNERY SISTERS

Two good looking young ladies from Gladstone, Michigan, are the Flannery sisters, Violet and Aileen. They are 20 and 21 years of age, respectively. Both have very long dark hair and deep blue eyes. They sing their own arrangements of all types of tunes, modern rhythm tunes, hill-country ballads, Western songs, and many of the more popular ballads of the day.

They will appear at the Antioch Country Fair Saturday, August 29, at 3:00, 9:00 and 10:30 p. m.

GRAYSLAKE INVADES ACES' FIELD SUNDAY

Antioch Nine Prepare to
Give Traditional Foe
"The Works"

Antioch's hard fighting Aces renew hostilities Sunday on the home lot at the high school diamond against their traditional rivals from Grayslake when they will attempt to erase the 7 to 5 defeat the Avon township Merchants chalked up against them last month.

If memory serves the writer accurately, a shortstop by the name of Cremin broke up the last meeting of the two teams with a home run sock with two mates aboard to give the Merchants the verdict. And the Aces are ready to beat them at their own game if they have to smack circuit clouts all afternoon.

Last week the Antioch baseballers toured to Volo where they dropped a tilt to the McHenry Brewers, 6 to 3. Aces fans were unanimous in their claims that too many decisions by the McHenry umpire in the doubtful department practically donated the contest to the beer publicists.

McHenry had the double-L on the Aces from the go with H. P. and I. M. Dowell, Thorsell, Mitchell and Phandenstiel in the lineup, each providing a run to the winning column. Madson, Lasco and Crandall were the Antioch run-counters.

GETS WHITE SOX BALL

S. H. Reeves, Antioch druggist, was the recipient of another unique gift last week. This time it was an autographed baseball carrying the signatures of all of the players on the Chicago White Sox team. Recently he received such a gift carrying all the names of the Chicago Cubs.

Richard Kaye and Jack Kahn left Tuesday morning for Springfield to be present on Governor's Day. Richard will be the guest of Jack Kahn while there, returning home the latter part of the week.

POLITICAL SHOUTS OPEN CAMPAIGNING FOR COUNTY VOTES

Point-with-Priders vs. View-
with-Alarmers Stage Pic-
nics to Woo Electors

Political shots in Lake County were fired in earnest Sunday with the point-with-priders and the view-with-alarmers testing their vocal calisthenics before picnic crowds of Democrats, Republicans, New Dealers, Mugwumps and ordinary voters.

Michael L. Igoe, United States district attorney, and Attorney General Otto Kerner were the chief point-with-priders who spoke to some 6,000 who congregated at the Lake County Democratic picnic held in Serbian Monastery park.

In This Corner!
Rep. Richard J. Lyons of Libertyville topped the view-with-alarm activities of the Republicans at Mozinga park in North Chicago by tongue-lashing Governor Henry Horner as "one of six little pee-wee governors who attempted to throw darts at a giant." Lyons was flaying the Illinois governor's recent radio attack on Gov. Alf M. Landon, following his acceptance speech of G. O. P. presidential nomination.

Then the Libertyville assemblyman attacked the state administration's policy of relief under the Democrats declaring that approximately \$155,000,000 has been collected in sales tax within the past three years of which only \$61,000,000 has actually reached those in need of relief.

Hits Federal Issues
Branching into national affairs, Lyons criticized the administration of the Agricultural Adjustment Administration for "giving away the working man's money to large corporations, great banking houses and even to foreign interests." He charged that the AAA was intended to aid small individual farmers but has failed miserably.

Mayor Mancel Talcott of Waukegan presided at the G. O. P. rally and in addition to introducing county candidates, presented Congressman Ralph E. Church, Nick Keller, candidate for state representative, and Ben Miller, chairman of the county Republican central committee.

Dr. R. R. Bosworth, chairman of the county Democratic committee, was master-of-ceremonies at the Democratic outing which featured four floor shows in addition to the principal speakers. The county clerk's indoor baseball team bowed to the state highway aggregation by a 10 to 9 decision.

Dancing throughout the evening at both the gatherings closed the day's politicking.

Announce Days for Registration For H. S. Students

Student registration days have been set for Monday and Tuesday, August 31, and Sept. 1, at the Antioch Township High School, principal L. O. Bright announced today. School will start Sept. 8. Announcements regarding the opening of school will be made next week, the principal said.

Congratulations, Mr. and Mrs. Reader

Fifty years ago today The Antioch News was founded. The great and small, the varied acts of the days and weeks that go to make up life in Antioch and the Lakes Region have been preserved for half a century.

Since its initial issue, The Antioch News has been for the home. It follows those who have humble beginning—whether they go to greatness or to the gutter. It takes to them the thrill of old days. It speaks the language of common men. Its congregation is larger than any church in the community—its readers are more than those in Lakes Region schools.

The Antioch News is chronicler of birth and death—the three great events in man's existence. It brings buyer and seller together to the benefit of both because it carries word of the goods that feed and clothe and shelter and which minister comfort, health and happiness.

It is the word of the week, history of the year and the record of its community in the archives of the state and nation.

The Antioch News is the lives of its readers—its readers are the lifeblood and the heart-beat of The Antioch News, and on the golden anniversary of its founding today it congratulates its readers who have made The Antioch News the oldest weekly newspaper in service in Lake County.

Antioch Aggies Enter Big List in Elgin Exhibit

Twenty-three head of livestock are entered by the Antioch Future Farmers in the vocational agriculture fair to be held in Elgin Tuesday, it was learned this morning.

Eleven head of dairy cattle, nine Shropshire sheep and three Duroc Jersey hogs will be shown by the Antioch agricultural students in competition with Future Farmers from 23 northeastern Illinois high schools.

Homier White is showing three Holsteins; Alfred Anderson, two Holsteins; Clarence Dunford, two Jerseys; Sidney Hughes, one Jersey; Glenn Fox, one Brown Swiss; Robert White, four Shropshire sheep; Virgil Horton, two Shropshire sheep; Conrad Shedeck, two Shropshire sheep; Donald Minto, one Shropshire sheep; and Frank Jankowski, three Duroc-Jersey swine. In addition Lyell Dibble is showing an exhibit of his garden project.

C. L. Kuitl, of the department of vocational agriculture of Antioch Township high school, is chairman of the judging committee, and superintendent of the sheep department. The fair is being sponsored by the Elgin Chamber of Commerce which invites everyone from the Lakes Region. Bring your picnic basket, they say.

8th District of American Legion Meets in Antioch

Antioch Legionnaires played host to their district comrades last night at the meeting of the current year.

Inasmuch as this was the last meeting before the state convention which opened at Danville this morning, politics was the main subject for discussion with the local district backing, Henry K. Foval of Lake Bluff for state junior vice commander.

The group gathered at Pasadena Gardens, a mile north of Antioch.

Wanna Buy a Duck?

Just as the cackling of geese saved Rome centuries ago, so did the quacking of ducks save the O. E. Terhune farm near Wadsworth from thieves. The quacking awakened Mrs. Terhune who saw the thieves run from the barn and escape in an automobile.

"BIG BILL" THOMPSON FEATURED AT PICNIC

Union Progressive Party
Candidate to Speak at
Third Lake Sunday

William Hale Thompson, the "Big Bill" former mayor of Chicago, stumps Lake County Sunday in his bid to elect himself governor of Illinois at the November election.

Gubernatorial candidate Thompson headlines a picnic at Third Lake Sunday sponsored by the Union Progressive party and will be introduced by Agnes Keegan, former Republican National committeewoman from Illinois. One of the principal planks in the Union Progressive plank which Big Bill Thompson is expected to advance is: "The home shall be exempt from taxation on the first \$3,000 of valuation."

This plank is interpreted to mean that if it is an expensive home or apartment building or store building or any other kind of building and if the owner lives there and makes that his home, the property shall be exempt from taxation on the first \$3,000 of valuation.

Severin Hanson, of Waukegan, chairman of the publicity committee, declares that this plank "will probably result in no loss of tax revenue."

"Today, there are thousands of properties in Lake County on which the taxes are delinquent. Those taxes will be paid when it becomes possible to own a home without danger of having it confiscated by taxation," Hanson says.

Lyons Escorts Landon

When Gov. Alf M. Landon of Kansas, Republican presidential candidate, rides through Illinois Thursday, August 27, Rep. Richard J. Lyons of Libertyville, state representative from the eighth district, will be one of the party accorded the honor of passing through the state with him, according to a telegram received by the local assemblyman yesterday.

Lightning Kills Horse

Lightning killed a horse near the C. W. Martin Boulder building at Cross Lake during the electrical storm Friday night. The animal, which was valued at \$200, was found dead Saturday morning in the grazing pasture about 150 feet from the woodland plot. Insurance covered the loss.

TWO MORE KILLED ON COUNTY ROADS AS TOLL HITS 35

Car Overturns to Kill Wil-
mette Man; Barrington
Druggist Dies

Barrington's widely-known druggist and active Legionnaire, Paul H. Pohlman, 42, became Lake County's 35th traffic death yesterday when the automobile he was driving to work crashed into a truck on Rt. 63 near the intersection of Rt. 12.

Traffic accident corpse number 34 of the 1936 crop was manufactured on Lake County highways Sunday night when a rear tire blew out overturning an automobile in which the victim was driving.

Howard Steffy, 20, of Wilmette was Sunday's contribution to the county's rapidly mounting traffic fatalities.

Loses Control of Car
According to inquest statements, Steffy lost control of his car after blowing out a tire on Green Bay road at Clavey road in Highland Park causing the machine to roll over several times.

Two other passengers, Robert Freberg, 17, and James Streater, 17, both of Wilmette, became patients in the Highland Park hospital where their condition was reported critical.

Dr. Donald E. Rosstter pronounced the Wilmette youth dead upon his arrival at the hospital where passing motorists had taken the occupants of the death car. The Rev. Jonas Porter of Chicago, who was driving close behind the Steffy vehicle said that he heard a noise like a tire blowing out—then the car, out of control, veered off the road and turned over several times—that was all!

Hits Empty Truck
Details of the Barrington-druggist's death disclose that Pohlman and his son, Paul H., Jr., 13, were traveling south on Rt. 63 from Highland Lake to open the drugstore in Barrington when the druggist apparently failed to see the signal of Edgar A. Johnson, 43, of Barrington, who was driving an empty truck owned by Buehler Market, as he was turning off the highway into a home. Pohlman's car skidded into the rear of the truck and turned over, pinning Pohlman and his son underneath.

Passing motorists and witnesses to the accident extracted the father and son from the wreckage and the accident victims were removed to the Sherman hospital at Elgin. Pohlman was pronounced dead on arrival at the hospital and his son, though badly bruised, was permitted to go home.

YOUNGSTER DROWNS PLAYING WITH BOAT

Chicago Lad Becomes Co.'s
Twelfth Victim; Falls
in Bluff Lake

While trying to maneuver a row boat Saturday afternoon, 7-year-old Inge Tjortoft toppled into Bluff Lake near Antioch to become the twelfth drowning in Lake County this year.

The lad, who was vacationing with his parents, Mr. and Mrs. Amund Tjortoft of 225 N. Austin Blvd., Chicago, was trying to operate an oar like his older brother, Amund, Jr., 10, when he apparently was thrown off balance and fell into the water, according to inquest reports.

Although the body was recovered shortly after the accident, efforts by members of the Antioch fire department life-saving squad to revive the youngster proved futile!

An inquest was conducted Saturday evening by Deputy Coroner Maurice Penney and the body of the child was removed to Chicago for funeral services.

Round Lake Plans Fire District Vote

Following the lead of Antioch which was the first rural township in Lake county to have a fire protection district, a petition for the incorporation of a fire protection district was filed this week in county court by resident property owners of Round Lake.

By a vote of 101 to 1, property owners in Lake Villa township approved the establishment of a fire district in that community this month. In West Deerfield township the proposed fire protection district was defeated at a recent vote.

Notables Gather at Democratic Picnic

Among the many notables who gathered at the annual picnic held Sunday by the Lake County Democratic Central Committee at the Serbian Monastery ground, Libertyville, were the following, seated: Michael L. Igoe, U. S. Attorney for northern Illinois; Attorney General Otto Kerner; C. J. Wightman, Grayslake, candidate for Congress; Sergeant Arthur Stanton, of the State Police, Long Lake; Einar Sorenson, Antioch, vice-chairman of Democratic Central Committee; Dr. R. R. Bosworth, County Chairman of Democratic Central Committee; Rep. Thomas A. Bolger, McHenry; Tom Graham, Long Lake; Supervisor Dave Van Patten, Newport, candidate for county recorder; Stephen Drury, Zion, candidate for Henry; Jack Bairstow, Waukegan attorney and candidate for state's attorney of Lake county; and Supervisor James Mack, of Libertyville.

Standing, left to right: A. C. McHenry, Waukegan attorney and Democratic speaker; Chas. Noll, assistant attorney general; Jos. Daly, Waukegan postmaster; County Clerk Russ Alford; Phil McKenna, Highland Park; Democratic campaign manager; Mayor William Dooley, Highland Park; Mary McDermott, daughter of the late county chairman; Mrs. Margaret Strang, Waukegan Lake County Democratic Woman's leader; Mayor John Dromey, of North Chicago; Ned Grimes, district engineer, state highway dept.; Edward McDermott, city treasurer of Waukegan; Leo Daily, Waukegan, candidate for the state senate; and Supervisor A. J. Sutkus, of Waukegan.

Buying an Election

(By Representative Leo E. Allen of Illinois)
Much has happened the past three years in Washington that is repulsive to every sense of honesty and decency. We have been told by many high officials that everything that has happened in this country the past one hundred fifty years is all wrong.

That these things that have made us the greatest nation on earth, those things that have given our farmers, our laboring men, our business men, our people in general, the highest standard of living of any nation in the history of the world, must be cast aside—and in place of those things, we must substitute certain experiments, we must socialize our entire economic system.

We are advised that the opinions of such distinguished Democrats as John W. Davis, the late Governor Ritchie of Maryland, of Alfred E. Smith, former Senator Reed of Missouri and many other prominent Democrats are all wrong. That in order to have a more abundant life we must be regimented under the plans and theories of Professor Rexford G. Tugwell, Felix Frankfurter and others.

The American people will be called upon to decide within a few months whether they want to continue with the present program of alien tendencies, or whether they want to be led by the soundness of a Laundon, a Knox and a Republican Congress.

With the Federal Treasury as a campaign fund, with over twenty million people receiving direct or indirect subsidies from a Tammanized Government, we are confronted with the proposition:

Can a government, through vote buying manipulation, buy an election and indefinitely remain in power? If it can be done in 1936, it can and will be done in 1940 and 1944.

With a supine and supercilious Congress under the domination of the Executive, with the realization that during the years 1936 and 1940 the Chief Executive will be called upon in all probability to appoint several members of the Supreme Court, we, as Americans, should pause and consider the consequences of returning the present Administration to power.

President Establishes a Good Yardstick

At the close of the last Congress, the President disapproved a bill which would have exempted publicly-owned interstate highway bridges from state, municipal and local taxation by declaring them Federal instrumentalities. In giving his reason for this, he said: "I cannot give my approval to this bill, first, because I can find no compelling reasons for making publicly-owned interstate highway bridges Federal instrumentalities, and, secondly, because relieving such bridges of all state and local taxation would, in the majority of cases, result in loss of revenue, by states and their political subdivisions, necessitating material curtailment of necessary activities, or the imposition of increased tax burdens upon other taxpayers to make up the deficit."

It would be difficult to dispute the logic of President Roosevelt's stand on this question. And the sound reasoning behind it could well be extended to other public projects. For example, municipal electric plants—to say nothing of the government hydro projects—are either wholly or mainly free from taxation by any governmental unit. This, in effect, makes every taxpayer "kick in" to help pay for the power consumed by the patrons of publicly-owned plants. It deprives all units of government of the revenue that would follow private sale of power—and adds measurably to the tax load.

There is no sound reason why any "business" venture of government should escape taxation. The excellent yardstick of principle motivating the President's disapproval of the bridge bill needs wider application.

Don't Risk Lives of School Children

In a few weeks, the nation's schools will open for the fall term. And this places our vast responsibility upon the shoulders of school board trustees and members. To make our institutions of learning safe from fire.

Some of the worst conflagrations in our history have occurred in schools, blotting out the lives of scores and even hundreds of children at one time. And the old-fashioned school building is not the only kind with great hazards. Some superficially modern and "safe" appearing buildings are almost equally dangerous.

In many schools that are thought of as modern, there are too few exits, stairways are badly constructed, doors open inward (in spite of the fact that this is one of the worst of all hazards), heating equipment is faulty. So it others fire drills are not carried out periodically. So it goes, down a long list of hazards. Unknowingly, we are risking thousands of young lives.

The National Board of Fire Underwriters has prepared a comprehensive form making it possible for officials to thoroughly check school buildings and unearth hazards. Fire marshals are always glad to lend assistance. Not a single school should open its doors this year without an exhaustive inspection to discover risks, and correct them.

The nation's parents should make their voices felt, and insist that the lives of their children be given the utmost protection while at school.

Antioch's public schools have already been thoroughly inspected and equipped to reduce hazards this summer.

Depression Spurred Farm Cooperatives

"As general business conditions improve," said S. D. Sanders, Co-operative Bank Commissioner, recently, "the cooperatives will undoubtedly be in position to make better financial showing from time to time. We have every reason to believe that their volume of business will undergo steady increase, and they have learned, in the past few years, the value of taking every economic advantage possible in carrying on their affairs."

The depression acted as a spur, not a barrier, to the progress of the cooperative movement. It made farmers who, in good times, might have regarded cooperative activity as being unnecessary, enlist in organizations and work with and for them. It demanded the utmost of cooperative executives, who were forced to meet new and grave problems almost daily. It is an interesting fact that all during the dark years, the membership rolls of our leading co-ops steadily increased.

The upshot of that is that American agriculture was never in a better position to face the exigencies of the future.
